The Ramaswara Temple can no longer levy Mohatarfa in the Inam portion of the Thirthahalli Municipality and the contribution of three-fourths of the Municipal taxes levied in the Inam portion of the Municipality in accordance with the G.O No 18646-7 L F 161-92 dated 3rd May 1894 should therefore cease.

Information as to the amount accruing from Mohatarfa taxes to the temple at present is not available. Letter No. Muz.1.C.293/27-28 dated 26-7-31 from the Deputy Commissioner, Shimoga District, (Camp Shiralkoppa), to the General Secretary to Government.

With reference to your letter No. L 9965/M1.31-30-46 dated 16th June 31 calling for a report on the representation of Mr. T Ramanna Gowda, re the dispute between Municipality of Tirthahalli and the Dharmadarsis of Sri Rameswaradevaru temple, I have the honor to state that this question has been pending for a long time as the Survey Superintendent cannot from the records available in his office fix the boundaries of the Inam village and the matter cannot therefore be settled until this is done.

As a number of houses have been built on Inam land, the Municipality has to acquire this extent of land and to pay compensation to the temple. I am in correspondence with the District Survey Officer and as no survey operations, are possible now owing to this heavy monsoon the matter will be taken up after the rains stop When the boundaries of the Inam village are fixed, I shall convene a meeting of Dharmadarsis and the Municipal Councillors and try to come to an amicable settlement

In this connection I may add that it was proposed to the Municipality to pay the temple R 24,000/- as compensation but the Municipality at their meeting deferred the question of payment till the boundaries of the Inam village were determined

Note.

Mohatarfa - Thirthahalli Town

Rival claims of the Sri Rameswara-swami Temple and the Municipality.

The temple has been enjoying 3/4 of the Mohatarfa collected in the Inam portion of the Thirthahalli Municipality in accordance with G.O. No. 18646/L.F 161-92, dated 3rd May 1894, only 1/4 was being credited to the Municipal Funds.

The Municipality has been urging -- from time to time that it should benefit by the collection of mohatarfa in the Inam portion of Thirthahalli Municipality. In connection with this the First Member -- minuted on 3rd October 1926 as follows:-

" The remedy seems to buy up the mohatarfa rights of the temple for the Municipality, Government and Municipality contributing".

On 5th June 1928 the Dewan directed that the question should be examined and steps taken to separate the Municipal from -- Temple funds. The Muzrai Commissioner -- was thereupon asked to report what income and the temple derived from Mohatarfa in case the income ceased (in accordance with Proceedings of Government in the L.S.G.) how the loss to the temple should be made good. He reported on 19th June 1929 that the matter was discussed on the -- occasion of his visit to Thirthahalli with the Vice President and some Municipal members and the Deputy Commissioner, --

L. 4973-5005/L.B. 26-26-163, dated 27-2-28.

Shimoga, that the Municipality should pay to the temple a compensation of -- Rs. 24,000 in return for which the right of the temple over the Padavanahalli part of the town, would be transferred to the Municipal Council. In this connection the following summary of the points at issue contained in the Shimoga Deputy Commissioner's letter dated 5th April 1929 to the Muzrai Commissioner may perhaps be interesting.--

1. The levy of the Mohataria at Thirthahalli being governed by the order of 3rd May 94, the right of the temple to the share allotted to it therein does not appear to have been cancelled by the G.O. of 28th February 1928 abolishing mohataria in rural areas.

2. The right of the temple, has however its corresponding obligation and since the existing arrangement has placed the Municipality in a disadvantageous position it has to be so modified as to meet the growing needs of the rate payers in regard to sanitation and works of town improvement.

3. To arrive at an equitable arrangement as between the temple and the Municipality there appear but two courses left open to adoption provided the latter body is willing to abide by them:-

The first is for the Municipality to acquire all rights the temple possess and in the inam area by paying a lump sum price. The other remedy lies in enhancing the ratio of the share of the Municipality.

The late Muzrai Commissioner Rajakarya Pravina Mr. P.G. D'Souza had personally discussed the matter with the local authorities as noted supra and the Municipal Council at its meeting

18

held on 29th May 1930 resolved that as the nature, the extent and boundaries of the inam endowed to Sri ~~Rameswara~~ Rameswara are not known, the same may be obtained from the Inam Office for the settlement of this complicated question. Action -- taken later in the matter is embodied in the report under disposal.

[illegible] No.I 3.293/27-28 dated 22nd April 1932 from the Deputy [illegible], Tanjore District to the Hon'ble Chief Secretary to Government

---

With reference to your No.I 5573/31. dated the 15th February 1932 calling for a report regarding the dispute between the Dharmakarsis of the Sri Parthasarathy temple and the Municipal Councillors of Thiruvalli, I have the honor to state that I convened a joint meeting of the Dharmakarsis of the above temple and the councillors of the Thiruvalli Municipality on the 13th instant to discuss the terms on which an amicable settlement could be arrived, re: the price to be paid for the Inam land on which a major portion of the town of Thiruvalli now stands. I enclose a copy of the decisions arrived at the said meeting for your information.

Mr. B.T. Kesaviengar, when he was the Deputy Commissioner, Tanjore, had recommended to the Huzur Commissioner in his No. Gen.1 c.293/27-28 dated the 5th April 1929 that the Municipality should pay Rs.16000/- as a fair compensation to acquire complete right and title to the Inam portion of the town. I enclose a copy of his recommendation for ready reference But the Huzur Commissioner in his report to Government dated the 6th June 1929 recommended the payment of a compensation of Rs.24000/- and when the Municipality was asked whether they would agree to pay this amount, they started raising all kinds of objections and wanted to know what the exact area of the Inam land was on which the town has been built and the nature of the Inam grant etc. I had, the survey records and the Inam Title deed thoroughly scrutinized by the Survey Officer, Tanjore and convinced the Municipal Councillors that the extent belonging to the Paduvanahalli Inam village now included in the Town is 74 acres and 3 guntas. The Municipal Councillors present have at this meeting accepted this as the correct extent and are agreeable to pay compensation for its acquisition.

After discussing with them the desirability of continuing the Municipality, as some of the Municipal Councillors were in favour of converting the area into a village Panchayet, it was finally decided that the Municipality should continue and that the Inam lands should be purchased by the Municipality.

As the Municipality has only about Rs.5000/- in reserve the Municipal Councillors present were in favour of applying for a loan at a very favourable rate of interest from Government to be repaid in annual [illegible] with interest. I have sent to the Municipality [illegible]

21

...inal consideration of the Municipality and the ... Nattamsthirum, and on getting their definite ... for and to Government by recommendations.

The only contentious point is the amount of compensation to the temple. The Dharmadarsis, taking their income into consideration demand a sum of Rs.16,000/- while the Municipal councillors, on the other hand, think that no more than Rs.10,000/- could be paid owing to the slender resources. But as the maximum and the minimum has been fixed, I think, it would be possible to fix a reasonable sum between these 2 limits now. I shall address a further communication, on receipt of the decision of the Municipality on this trial.

45) The contention of the Mrs Kesaviengar (Collr &c, Shiyali &c) holding that the Govt order of 1928 does not apply to Tiruchirapalli ~~is~~ appears to be ~~correct~~ reasonable, inasmuch as the order has no application to urban areas, but only to rural areas. He considers that the temple is entitled to recover its proper dues from the plaintiffs, even after the issue of the G.O of 1928. It is the opinion of the Hon King Comm[r] that the entire claim of the temple to the entire Mrs Kalanga collection should be rejected as his proposal does not seem to be reasonable. The most claim of the temple to 25% of the collections during the period will have to be recognised under the original arrangement.

53 The proposals now submitted by the Dy Com'r, Shimoga, in consultation with the Municipal Council, Shikarpur, and the Dharmadarsi of the Rameswara temple, and agreed to by the Mysore Com'r are as follows.—

(i) That the Municipality should pay Rs 15,000 to the temple and that the temple should give up all its rights over the main portion of the town

(ii) That the amount should be treated as a loan by the temple to the Municipality carrying interest at 6% per annum and repayable in instalments of not less than Rs 1000 at a time, the entire amount being repayable within 30 years

(iii) That the loan should be the first charge on the Municipal revenues

54 These proposals no doubt seem to be alright and acceptable as securing a satisfactory solution of a long pending question, but there are a few points in regard to which there is some doubt and explanation

Serial No

A

It is stated in the Dy Com's letter of 31.10.32 that the Municipal Council have agreed to the terms referred to But the latest resolution of the Council on the subject of 30.9.32 while agreeing to pay Rs 15.000 at 6% interest does not mention anything about the instalment of Rs 1000 at a time, the interval at which the instalment are to be paid & the total period of repayment viz 30 years. It is for consideration if the Municipal Council can be taken to have agreed to these details as well as to the proposal to treat the amount due as a first charge on their revenues, to be adjusted by the Comptroller, under the orders of Govt in cases of default in regular payment No later resolution of the MCC accepting these terms is forthcoming among the papers sent

7 Another point on which no agreement between the MCC & the Dharmadarsis has been reached is about the Mohatarfa collections from 1928 upto the time of the settlement proposed The Hon'ble Council thinks that under G.O no L4973-5005-L B 26-26-163 dt 22.2 1928 abolishing the levy of mohatarfa in all villages in the State the Temple has no right to the collections, but this view is not accepted by the Dharmadarsis who, however, have in their resolution dt 2 10 1932 left the point for decision by Govt The Dy Com (Mr B T Krishna Iyengar) concurred — and the present Dy Com ~~xxxxxxxxxx~~ agrees with him, that the said G O not being applicable to urban areas the arrangement ordered in G O no 18646-7 dt 35/18 L 7161-92

cannot be considered to have been superseded by the G.O of 1928 and that therefore the claim of the temple to their share of the mohatarfa for the period referred to cannot be denied the Inwar can agree with the view of the Dy. Com and say that the claim of the Mcc to the whole amount should be rejected [redacted] the point is for orders

6) The capacity of the Mun Council to pay the interest on the loan and the instalment of Rs 1000 has also to be considered though according to the current year's budget estimates the Municipality has a menis closing balance of Rs 1874, its investments amount to Rs 6761-8-1 & it has no liabeleties With the reserve and the additional income to be derived from the increased portion of Motars under the new arrangement be able to meet their obligation in respect of the loan

113 On page 3 of the note of the S.D.O, Shimoga, it is suggested that the period of 30 years agreed upon by the temple for repayment of the loan should remain in force, whatever any financial difficulty which the Mgt may get into. It is for consideration if this should be mentioned in the order in view of the terms decided upon viz to pay Rs 5000 as the 1st instalment & the balance in ten annual instalments of Rs 1000, besides interest

114 It is not clear if a formal agreement between the temple & the Mgt embodying the terms is necessary or whether the G.O is enough for all purposes.

I am sorry for having kept this file from 28th April 1934 to 24th July 1934 and delayed its disposal. This is due to the following reasons.-

I was very busy in connection with the framing of the Budget Estimates for 1934-35 and measures to be taken to minimise expenditure and restore Budget equilibrium, till about the 17th May 1934 (date of Budget Council Meeting).

I wanted to discuss with Mr Muddukrishnappa on certain points raised by him in the file and could not do so till 4th July 1934 as he was on leave from 18th May 1934 to 11th June 1934, I was in Mysore thereafter in connection with the Budget Session of the R.A and I was subsequently engaged in connection with the L.C till 4th July 1934.

After a discussion with Mr. Muddukrishnappa in the early part of July, I wanted to get some more information about the capacity of the Municipality to repay the loan .

Due to the Budget season, there was some accumulation of arrears which I had to clear in the month of July 1934

With reference to your letter No.2010/Muz. dated 7th May 1928. and subsequent communications, I have the honor to forward herewith --- copy of letter No.Muz.1c.293of 27-28 dated 5-4-29 from the Deputy ---- Commissioner, Shimoga District, submitting a report in the matter of the mohatarfa revenue enjoyed by the temple of Sri Rameswaraswami at -- Thirthahalli.

2. The Deputy Commissioner's letter is full and deals exhaustively with all aspects of the question.

I discussed the matter with the Vice-President of the Municipality and some of the Municipal members on the occasion of my visit to Thirthahalli on the 22nd instant. It was agreed that the Municipality should pay to the temple the Deputy Commissioner being also present compensation of Rs.24000/- of which Rs.5000/---- should be paid immediately and the balance with the interest at 4% by annual payment of Rs.1000/- each. The Municipality consents to reimburse itself by means of house taxes and for the lump-sum payment---- the right of the temple over the Padavanahalli part of the town will have to be transferred to the Municipal council. A resolution to the above effect has been promised and on its receipt a further report ~~w~~ in the matter will be submitted for ~~the~~ final orders of Government.

MOHATARFA - TIRTHAHALLI TOWN - RIVAL CLAIMS OF THE SRI RAMESWARASWAMI TEMPLE AND THE MUNCIPALITY.

******

With reference to your Memo No. C. 1503/27-28 dated the 17th May 1928 forwarding for report a copy of letter No.2010/Muz. dated 7-5-1928 from the Financial Secretary to Government, re the abolition of Mohatarfa tax in the Inam portion of the Tirthahalli Town, I have the honor to forward herewith the connected records ending with letter No.R2-16/28-29 dated 12-12-1928 from the Sub Division Officer, Tirthahalli Sub Division.

2. Before entering into a discussion of the above subject, I would mention here a brief history of the levy of Mohatarfa in the Tirthahalli Town, which is as follows.-

The present town of Tirthahalli is made up of three separate villages viz., Padavananahalli, Kuruvalli and Tirthahalli. Padavanahalli ceased to exist long ago as a separate village The temple of Sri Rameswaraswami is the Inamdar of Padavanahalli The Inam Register shows that the temple has been in enjoyment of the Mohatarfa revenue in addition to the benefits from the inam lands of that village since at least the year 1800. It is seen from the records that the Mohatarfa which the temple collected prior to 1861-62 never exceeded its old beriz, viz., R. 46-3-8 It increased year after year with the growth of population of the town, it was Rs 1032/- in 1887-88 and R. 1604-8-0 in 1927-28 So long as Padavanahalli retained its character as a distinct village, the temple's right to levy and appropriate the entire Mohatarfa to its own purpose does not seem to have been questioned. With the growth of population in the town and trade activities growing up the need for Muncipal organisation was found necessary and a Muncipality was formed. The Muncipality in the ordinary course of things had to find a source of income for meeting the increasing demands of the town in respect of sanitation and conservancy. The Mohatarfa collections being entirely appropriated by the temple, the Muncipality levied a separate tax called 'Kachara terage' for the above purpose. The residents of the town naturally resented this double taxation and further demanded that the temple should be made to contribute its share of Mohatarfa to the Muncipality towards conservancy and improvements. Mr. V. P. Madhava Rao, C.I.E., the then Deputy Commissioner after a careful examination of all the aspects of the case and discussion with the towns-people and the Panchayatdars of the temple made a recommendation to Government

(b) supporting the abolition of the separate
and allotments of ¼ of the Mohatarfa realised in the
of the town of the Municipality, the remaining ¾ being utilised
the temple for its use. This was sanctioned by Government in their
order No.18646-7 L.F.161-92 dated 3-5-1894. This arrangement which
came into effect from 1st July 1894 is still in force although the
rate payers have now been raising controversial issues which will be
adverted to in fra

3. While things stand thus, the rate payers and the Municipal Council are not satisfied with the present system of allotment of Mohatarfa collections between the Municipality and the temple. Ever since 1920 they have been agitating that the entire realisations of Mohatarfa should be made over to them as the income from Municipal taxation should be wholly appropriated for Municipal purposes. This agitation pre-supposes that the Municipal Council are entitled to levy the Municipal taxes even in Inam areas when such areas have been included within Municipal limits. Their agitation virtually amounts to a reconsideration of the order passed in 1894 and abrogation of the same. Apart from the legal aspect, which this question involves, the equity of the case also has to be carefully examined. During the Dewan's tour in this District in January 1927 certain representations were made to him by the Municipal Councillors in the matter of fixing the boundary of the Inam portion of the town and settling questions relating to the apportionment of Moha-tarfa, and the Dewan was pleased to direct the appointment of a Committee to go into the question and submit their opinion to Government for orders. Accordingly a reference was submitted to you in this office letter No.Muz.1-3. 293/27-28 dated 27-9-27 on which orders are awaited In the meanwhile, Government have, in their order No.4973-5005 I.P.26-26-163 dated 27-2-1928 abolished the levy of Mohatarfa in all villages of the State. In the light of this Government Order, a report has been called for by the Financial Secretary in his letter dated 7-5-1928 (which is under reply) as to how the loss of revenue to the temple by abolition of Mohatarfa is to be made good.

4. It will be seen from the above that, the Government Order dated 27-2-1928 abolishing Mohatarfa as an item of revenue has given a different turn altogether to the question of the future financial relation

relationship between the temple and the Municipality. The main issue at present is not the determination of the boundaries of the Muzrai town and t the Municipal town at Tirthahalli, but, whether, by virtue of the above orde the temple has lost the right to the ¾ of the Mohatarfa collected in the Inam portion which was hitherto being credited to the temple. The Financial Secretary's communication refefred to above would seem to suggest that the temple is not now entitled to the ¾ of the revenue. On the other hand, the rate payers contend that the levy of Mohatarfa having been aboli ched, they are not bound to pay any taxes to the Municipality so far as the Inam portion is concerned It appears to me that the Government Order abolishing the levy of Mohatarfa can have no application in Municipal arreas where local taxation is governed by the Municipal Regulation and the rules thereunder or by Special Executive orders of Government issued in regard to the levy of taxes in such areas. The town of Tirthahalli, being an urban area, was constituted into a Municipality by Government, in their N Notification No.36/Ml.86-17-96 dated 1-7-1913, and the Inam portion known as Padavananalli was included within the boundaries of the Municipality No exception was taken to the inclusion of the Inam portion in the Municipality then, obviously on the presumption that the order of 1894 would continue to be in force The temple and the Municipality have thus continued to enjoy their alloted shares in the Mohatarfa revenue of the Muzrai Town, since then. Padavanahalli cannot now be separated from Tirthahalli town as it is likely to happen that portions of some houses may lie in both areas. The financial relationship between the temple and the Municipality, it appears to me, would seem to have been based on the contract sanctioned by Government regarding the enjoyment of the Mohatarfa revenue by the institutions concerned in the proportion fixed and has nothing to do with the recent orders of Government abolishing Mohatarfa in rural areas. Although the tax levied in the Municipality is for convenience designated 'MOHATARFA' it really is a Municipal tax and may not be confused with the Mohatarfa that was being levied in rural areas The order of 1894 clearly recognises this aspect of the case

5. While this should be recognised as the position as regards the levy of the tax itself, the question of the propriety of apportionment of revenue between the temple and the Municipality will next have to be considered Strictly speaking, it is no doubt correct to urge that taxes levied in a Municipal area should go to meet the charges on account of

6) sanitation, medical relief, and other obligatory [redacted] body under the statute. Apart from this, even the right [redacted] Mohatarfa in Inam villages, conceded to the Inamdars was subject [redacted] the obligation that the realisations would be spent in the interests of the villagers concerned In fact in the order of 1894, the Government have left this question open observing as follows.- "the levy of a separate house-tax for Municipal purpose in addition to the Mohatarfa levied by the Inamdar cannot but prove ~~but~~ needlessly oppressive. If the Inamdar is entitled to collect a house tax as distinct from a mere ground rent it will be but fair to make him bear the expenses of Municipal conservancy." From this point of view the contention of the Municipal Council, that whole of the Mohatarfa revenue should go to them is not plausible but has much force in it.

6. The fact that the existing state of things has been allowed to continue all these years would seem to suggest that Government are inclined to uphold the rights of the temple as much as the rights of the Municipality If this view is correct the position taken up by the Municipality cannot be fully supported. The temple should be deemed to have surrendered its right of taxation to the Municipality in consideration of being duly compensated for the losses. The income from Mohatarfa is the main-stay of the temple and to deprive the institution completely of its ancient right without compensating for its loss would be against public policy and the interests of a popular religious institution. Thus, the position now is that on the one hand the temple claims its share of Mohatarfa on the strength of the Inam Sannad and the order of 1894, while on the other the Municipality enforces the rights of the tax payers in regard to the tax levied in the Inam portion of the town.

7. I have given much thought to this vexed question and I consider the adoption of the following alternative courses would be only means of solving a somewhat complicated and delicate matter One course of action is to take advantage of the proviso contained in the second portion of the Government Order of 1894 reserving for consideration the the portion of a revision of the existing order of things, and to arrive at a more satisfactory proportion of distribution of revenue between the Municipality and the temple, a proportion which will not deplete the temple revenues completely, but which will augment the Municipal revenues considerably The income from Mohatarfa has not increased to any appreciable extent since 1894 It may be possible

9)

to reduce the expenditure in the temple to an extent which will make a re-distribution of revenue at 50 per cent to each of the institutions. This arrangement would not however, be a satisfactory one as the same troubles would crop up in future and there would be no incentive to the Municipality to improve the resources in the Inam portion of the town by periodical revision of taxation &c.

8. The other alternative will be to allow the Municipality to buy over all the rights and interests the temple has in the Inam portion of the town and to leave it free to impose taxes in accordance with the Municipal Regulation and Rules thereunder. The question for consideration would then be at what price this right may be acquired. Taking the 50 per cent basis as suggested in the first alternative we may fix Rs.16000/- as a fair price for acquiring complete control over the Inam portion of the town. This amount may be advanced as a loan to the Municipality out of State Funds or the General Muzrai Funds the Municipality being allowed to repay the loan in 25 instalments Although this arrangement would not benefit the Municipality immediately, it will make to evince interest in the revision of taxes, &c., so far as to meet their liability and if necessary to levy ground rent also in regard the lands the right over which have been thus acquired.

9. If the above suggestions commend themselves to you, I shall call for the resolution of the Municipality on the proposals If that body accepts either of the two proposals the Government may then kindly be moved in the matter and sanction obtained thereto. In the event of the Municipality not agreeing to the terms thus offered, an impasse would appear to be the inevitable result, to avoid which the Inam area has to be ceded to the temple, thus separating it from the Sirthahalli Town proper. There would then be two distinct Municipalities each to be administered independently of the other. If the Inam area does not satisfy the conditions necessary to constitute it into a Municipality it will have to revert to its original status the Inam village of Padavanahahalli In the latter contingency the temple automatically loses its title to levy Mohatarfa by virtue of the order of 28-2-1923, as rural areas come under the purview of the Village Panchayat Regulation. In any view of the case the interests of temple stand on slippery ground in regard to utilisation of the taxes it levies in the Inam area and it will be compelled to meet the wishes of the tax payers To make up for the loss in the direction, the Inamdar will have to have recourse to levy ground rent, thus subjecting the residents in the Inam portion to

two taxes. All the above consequences are most undesirable and lead to further complications. It is to be hoped, however, that the Municipality will not allow the matter to take that turn, but view the question in the light in which Government have viewed it and give its support to either of the alternative proposals made above.

10 Summing up the result of the foregoing discussion, I find the matter standing as follows -

(1) The levy of the Mohatarfa at Tirthahalli being governed by the order of 3-5-1894, the right of the temple to the share alloted to it therein does not appear to have been cancelled by the Government Order of 28-2-1928 abolishing Mohatarfa in rural areas

(2) The right of the temple has, however its corresponding obligation and since the existing arrangement has placed the Municipality in a disadvantageous position it has to be so modified as to meet the growing needs of the rate payers in regard to sanitation and works of town improvement.

(3) To arrive at an equitable arrangement as between the temple and the Municipality there appear but two courses left open to adoption, provided the latter Body is willing to abide by them - The first is for the Municipality to acquire all ~~xxx~~ rights the temple possesses in the Inam area, by paying a lumpsum price of Rs.16000/- as proposed in para 8 supra. The other remedy lies in enhancing the ratio of the share of the Municipality from ¼ to ½ at least of the Mohatarfa realised in the Inam portion.

11. As regards the settlement of the boundary line between the Inam and Municipal portion of the town, the question is evidently a technical one to be determined with reference to the Survey and Inam Settlements records The District Surveyor, who was deputed to this work has demarcated the boundary in accordance therewith and the Amildar is satisfied that the demarcation corresponds with what is in vogue in the locality. If the Municipality is not satisfied with the demarcation made by the District Surveyor, it may be got scrutinised by a responsible gazetted officer of the Survey Department. In any event, the appointment at this juncture of a special committee to investigate the boundary question would not, in my view, serve any useful purpose.

12 There remains one point on which urgent orders of Government are

11)

called for On the strength of the Government Order of 28-2-1928 abolish ing Mohatarfa, several residents of the Tirthahalli town, have withheld payment of the Mohatarfa tax in the Inam portion. One of the residents has issued a Lawyer's notice to the Municipal President stating that the recovery of Mohatarfa in the Inam porton is illegal in view of the above Government Order and that a suit would be filed against the Municipality if its payment is enforced. In the view, I have taken of the matter, the contention of the defaulters appears to be untenable. Even granting that the temple has lost its right to collect Mohatarfa by reason of the aforesaid Government Order, the Municipality can still levy taxes under the Municipal Regulation as it has been regularly constituted into a Municipality in 1918 I therefore, request that with a view to remove any possible doubt in this matter and to enable the Municipality to smoothly carry on the administration, Government may kindly be moved to declare that the right of the Municipality to levy taxes in its area is not affected by the Government Order No.5026-L.P. 26-26-164 dated 28-2-1928 and that pending settlement of the question at issue, viz ,,the future relationship of the temple and the Municipality, the arrangement ordered in May 1894 be maintained in status quo.

With reference to your Memo No.C.408 of 30-31 dated the 12th --- October 1932 calling for a report in the matter of the settlement of the dispute between the Thirthahalli Municipality and Sri Ramesvara Temple Trustees over the honor to invite your kind reference to my Memo. No.C.293/27-28 dated the 25th April 1932 forwarding a copy of my letter to the General Secretary to Government together with a copy of the decisions arrived at, the joint meeting of the Dharmadarsis and some of the Municipal Councillors held on 13th April 1932, when it was resolved that the Municipality should buy up the rights of the temple over the Inam villages with the aid of a loan to be obtained from Government by the Municipality at a favourable rate of interest. The Dharmadarsis that were present at this meeting were agreeable to sell the Inam lands to the Municipality and quoted Rs.xxx Rs.16,000/- as their price while the Municipal Councillors are not --- agreeable to give more than Rs.10,000/- by way of compensation to the -- temple

2. The question of compensation to be paid was referred to both the -- Municipality and the Dharmadarsis for their opinion and I enclose copies of the resolutions of the Municipal Council and the Dharmadarsis passed at their subsequent meetings for your information. It will be seen from the resolutions of the Dharmadarsis, that they have finally agreed to accept Rs 15,000/- subject to the condition that the quota due to them out of the Nomaturfa collections from 1328 up to the date of the acquisition should be paid to them, that the sale amount might be treated as a loan to the Municipality carrying interest at 6% and repayable in instalments of not less than Rs.1000/- at a time. The Municipality have agreed to these conditions. Since both the Municipality and the Dharmadarsis have come to an understanding, the Inam land belonging to the temple at Padavam alli will soon [illegible] major portion of the Thirthahalli town is to be acquired by the Municipality subject to the following ------ conditions -

this office letter No.Ju/.1.3.293/27-28 dated 5th Apl.
addressed to you by Mr. P T. Kesavaiengar, the then Deputy
Sioner in which, he has opined that the Government order No.207
5005/L.B 26-56-163 dated 27th February 1928 abolishing the levy
of Mohatarfa in all villages in the State does not apply to the
town of Thirthahalli which had already been constituted into a
Municipality by Government in the order of 1918 and that under
the arrangement arrived at, in the compromise effected by Sir V.P.
Madhava Rao the temple is entitled to recover its quota of the
Mohatarfa dues even after the issue of the Government (order) of 1928
as it is in the nature of a contract between the temple authorities
and the Municipality and ratified by Government. The contention
of the Municipality that the Inamdar is not entitled to the Mohatarfa
collections after the Government Order of 1928 does not seem to
me to be tenable and will have to be decided against the Municipality.

4. I think the best terms have been offered to the Municipality
for, if the Municipality do not purchase the Inamdars' rights, its
resources can not be improved and the Municipality will have to be --
abolished in which event the Inamdar Temple will also lose its right
to collect the Mohatarfa taxes under the order of 1928. I therefore
request that early orders may be obtained to the above proposals to
bring this longstanding dispute to an end.

5. Necessary acquisition proceedings will be taken on receipt of
Government Orders

Bangalore.

SIR,

With reference to your letter No.L.949/Ml.31-30-61 dated 31st July 1933 and subsequent reminders thereto calling for a detailed report re: the dispute between the Tirthahalli Municipality in respect of the appropriation of the revenue from Mohatarfa collection in the inam portion of the town, I have the honour to forward herewith a copy of the note of the Sub Division Officer, Shimoga, on the financial position of the Municipality and also a copy of the statement showing its annual income and expenditure for the past 5 years including the items of expenditure on essential services such as Scavening and lighting of the town

I think that the temple, while giving up all its rights over the inam portions, should surrender all its interests also in the inam portion.

In this connection, a reply has been sent to the Muzrai Commissioner on 11th December 1933 as called for in his Memo No.408/30-31 dated 22-8-33 forwarding a copy of your letter No.L.951/M.31-30-62 dated 31st July 1933.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Shimoga District.

A note on the Municipal Muzrai Controversy at Tirthahalli.

FINANCIAL POSITION OF THE MUNICIPALITY.

-

An examination of the figures of income and expenditure of the Municipality furnished by the President for five years shows an average income of Rs 10,334/- and an average expenditure of Rs 9,990/-. An examination of details shows that there have been fluctuations under each head every year. To avoid any possible risk of inaccuracy, it is safer not to take these figures as the normal income and expenditure of the Municipality for calculating its future financial position. In the current year's budget all exaggerations of income are omitted, and unnecessary expenditure avoided. It, therefore, shows the highest possible receipts and the lowest possible expenditure The following figures are therefore adopted for normal income and expenditure for future calculations:-

Present income.		Income expected after the settlement of dispute.
Octroi	5700	5700/-
Taxes on buildings and lands and professional taxes.	768	2686 (This includes the receipts from the Muzrai portion of the town Viz., Rs 1918/-.
Special acts.	150/-	150/-
Taxes on Vehicles	12/-	12/-
Revenue from Municipal Property excluding interest on investments.	336/-	336/-
Total	Rs 6966/-	8884/-

N.B.

A sum of Rs 2,650/- is omitted here as it represents in the budget the probable arrears to be recovered during 33-34 and another sum of Rs 200/- is also omitted as it represents

deposits

(67)

deposits etc., under public Debt head which does not form part of normal income of the Municipality.

If the interest accuring on the investments of the Municipality is added on to the above income, it comes to Rs 7,700/- (income as at present) or Rs 9,218 (income expected after the settlement of the dispute). Hence the net increase in any case is Rs 1918/-.

E X P E N D I T U R E:-

The budget provision for 33-34 is Rs 9,403. In this provision, Rs 1000/- has been made for original works and Rs 700/- under Public Debt head which includes re-payment of depcsits etc. These two items will have to be deducted as they do not form part of the necessary expenditure of the Municipality. So the minimum indispensible expenditure is Rs 7,703/- his includes Rs 600/- for lighting and Rs 2189/- for conservancy and sanitation. This provision is stated to be sufficient to meet the requirements of the Municipality in the Muzrai portion also as heretofore.

The net working balance at the credit of the Municipality will be:-

	A.	B
Income	9218 which includes interest on investments.	8884 which excludes interest on investments.
Expenditure.	7703	7703
Balance.	Rs 1515	1181

Even taken at the lowest, the Municipality will have Rs 1000/- at its credit at the end of every year.

MODE OF PAYMENT OF Rs 15,000/- WITH INTEREST @ 6%.

There are two methods of paying this amount:-

i) A sum of Rs 5,000/- invested by the Municipality in 6% State Loan Bonds can be immediately paid up as the first instalment.

instalment. The debt will then reduce itself to Rs 10,000/- and correspondingly the interest of Rs 900/- will reduce of itself to Rs 600/-. The balance of debt of Rs 10,000/- with interest at 6% can be discharged by the Municipality by proper regulation and control of expenditure in a period of 10 years by annual instalments of Rs 1,000/- each. The interest on this debt also goes on decreasing every year according as the principal gets paid annually.

ii) A Second Mehtod of payment could be by paying Rs 15,000/- by annual instalments of Rs 1,000/- with interest each spread over a period of 15 years.

In either of these two cases the period of 30 years agreed upon must remain in force to make a provision for any financial difficulty - which the Municipality may getinto. If the debt is regularly paid within this period, it is so much the better for both sides.

It is also ascertained during my enquiry that immediately after this thorny question is settled the accumulated arrears of Rs 4569 will be easily collected. There is every probability of realising this hope. Further an increase is also expected from the revision of the taxes on buildings and lands which have remained the same ever since the constitution of this Municipality.

I had a talk with the Municipal Councillors and the Dharmadarsis on the 23rd and the 30th of this month and they are agreeable to the proposals submitted by me above Whichever of these proposals seems feasible may be adopted.

General *Department*

SIR,

With reference to your letter No.L.951/Ml.31-30-62 dated 31-7-33 enquiring whether giving up of the rights of Sri Ramadevaru temple at Tirthahalli over the inam portion of the town means surrender of interest in the lands also, I have the honor to forward herewith copy of letter No.Muz.1.C.293/27-28 dated 9-12-33 from the Deputy Commissioner, Shimoga District, together with the enclosures stating that the temple, while giving up all its rights over the inam portion, should surrender all its interests also in the inam portion and to state that I agree with the view of the Deputy Commissioner.

2. In this connection, I invite kind reference to the Sub Division Officer's alternative proposals as regards the mode of payment of the amount agreed upon by the Municipality. The first alternative under which a sum of Rs.5000/- in the shape of 6½% loan bonds can be immediately paid and the balance of Rs 10,000/- can be spread over only 10 years would be a satisfactory arrangement and may be favourably considered.

I have the honor to be,
